## Purpose

This document aims to assist users in navigating the Corral application and completing the survey in order to quickly be assigned to groups based on the criteria set by the unit chair. The survey is very easy and quick to complete, and once complete, requires no additional action to be taken by the student.

As new features are added to Corral, this guide may undergo changes at any time.

## Register Account

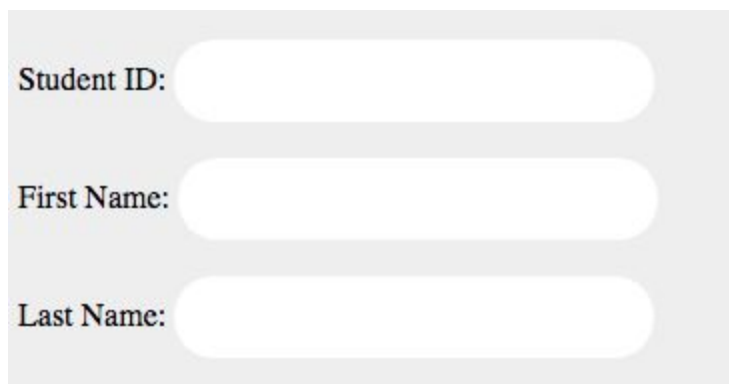

Open the Corral site and hover your mouse over login. From there, click students

Click the register button

Enter the required information into the forms

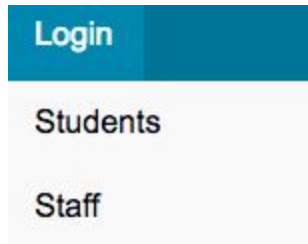

A registration form with a light gray background. It contains three input fields, each with a label to its left: "Student ID:", "First Name:", and "Last Name:". Each label is in a bold, black, serif font. The input fields are white with rounded ends and a light gray border.

Click clear form if a mistake is made, otherwise click submit

## Accessing Corral

Open the Corral site and hover your mouse over login. From there, click students

Enter your credentials and click log in

A screenshot of a login form with a light gray background. It contains two white rounded rectangular input fields. The top field is labeled "Student ID" and the bottom field is labeled "Password".

If successful, you will then be redirected to the student profile page

**Welcome, GEORGE**
